Students of Mount Carmel School, Tuensang during the IDBD.

SCC Tuensang: The department of environmental science, Sao Chang College (SCC) commemorated IDBD, with an activity at Mount Carmel School, Tuensang.

Centered on the theme "Be Part of the Plan", SCC said the initiative focused on beautifying the school campus to enhance its aesthetic and functional aspects. A total of 45 participants, including faculty members and students from classes 6 and 7, took part in the event.

In another programme, as part of its extension service, the departments of Botany and Zoology of SCC observed IDBD at Eklavya Model Residential School (EMRS) Tuensang.

A presentation on the theme

"Be Part of the Plan" was delivered by assistant professor, department of zoology SCC, Dr. Limamanen, emphasising the importance of conserving rich biodiversity.

Dr. Limamanen said Nagaland, which falls in the Indo-Burma biodiversity global hotspots, has a huge potential to be a model in the conservation effort.

An exhibition of laboratory specimens was presented by assistant professor Vidila and Dr. S Arenla. Specimens of marine ecology and various other laboratory-preserved species were exhibited to the students. Altogether, 71 students and staff of EMRS along with the Science faculty of SCC participated in the programme.
